READ THE ENCLOSED LEAFLET BEFORE USING THIS PRODUCT.
DIRECTIONS FOR USE:
To be used **ONLY** in accordance with the instructions on this label unless authorised under appropriate legislation.

RESTRAINTS:
FOR USE **ONLY** in steers.
DO NOT USE this product in any other species of animal.
USE ONLY one implant per steer.
Implant **ONLY** beneath the skin in the middle third of the ear.
DO NOT implant this product in any other site.
DO NOT USE this product on HGP free accredited cattle.
It is a breach of AQIS accreditation conditions to use this product on HGP free accredited cattle or to possess this product on any HGP free property (except for feedlots with flexible accreditation).
Cattle implanted with this product must be individually identified with an approved ear punch mark.
Do NOT implant sooner than 70 days after last implant.
PRECAUTIONS:
Implanting cattle under 6 months of age IS NOT recommended.
Implanting cattle intended for breeding IS NOT recommended as they may experience decreased fertility.
Growth responses may vary widely for nutritional or other reasons. Improved performance may be noted only when conditions are favourable for good growth.

Preputial and rectal prolapse, increased bulling activity, high tailheads, sunken loins, ventral oedema and udder development may occur as side effects of treatment.
To help avoid abscess formation at the site of the implant, the surface of the ear should be thoroughly cleaned and disinfected before implantation.
ADMINISTRATION:
Approved implantation technique is fully described in the enclosed leaflet.
WITHHOLDING PERIOD: Zero (0) days.
TRADE ADVICE:
EXPORT SLAUGHTER INTERVAL (ESI): An ESI has not been established for this product. Note - observing the meat withholding period may not be sufficient to mitigate potential risks to export trade. Trade advice should be sought from COOPERS ANIMAL HEALTH on 1800 226 511 before using the product.
First Aid: If poisoning occurs, contact a doctor or Poisons Information Centre. Phone 13 11 26.
DISPOSAL: DO NOT dispose of unused implants in any way other than surrender to an approved retailer/wholesaler. Dispose of empty cartridges by wrapping with paper and putting in garbage. Discarded needles should be placed in a designated 'sharps' container.
Store below 25°C (Air conditioning).

Batch No.:
Expiry Date:

LACK- UND
FARBFREI

APVMA Approval No.: 46111/51461

Coopers® REVALOR® S is recommended for use in steers not younger than six months of age. It can be used during the growing or finishing phase and results in improved weight gain due to deposition of added lean meat.
Growth response may vary widely for nutritional or other reasons.
Good quality feed is a prerequisite for best results whether on pasture, supplement or lotfeeding.
Maximum growth rate requires good quality stock with adequate control of parasites and other diseases.
